

ONLINE RETAILERS VOLUME 36

Audience: 1,000+ Consumers Balanced to US Census

CHECK BREAKDOWN:

SPENDING CONFIDENCE

Confidence in spending money is tracking roughly flat from our October update and slightly better relative to a year ago.

SAVINGS RATE

The data suggests a small shift towards a greater proportion of respondents saying savings have declined. The percentage who say increased and declined are now nearly identical.

MASKS AND ECOMMERCE

Consumers expect to increase their purchases of surgical masks and N95/K95 masks moving forward. Expectations for expected purchases of cloth masks have remained stable.

PLATFORM SPECIFIC NOTES

Wayfair | A significant share of Wayfair customers are cross-shopping Amazon and consumers continue to think Amazon has better pricing relative to Wayfair (but that Wayfair is better for product selection and visualization. The share of respondents who do their furniture shopping online increased during the pandemic. There will be some regression post pandemic as consumers still value being able to see furniture in stores.

Etsy | ETSY customer engagement improved sequentially. Mask purchasing ticked up q/q and a share of those buying masks from Etsy report that it was their first purchase from Etsy and that they plan to use the platform for other things in the future.

Amazon | Amazon continue to outperform when it comes to shipping experience and loyalty scores relative to key competitors. Amazon users have historically fluctuated in their purchase engagement with Amazon (with spikes during the holidays). Since the start of the pandemic, however, the data has held closer to series highs without the cyclical drop-offs that we would historically see.

Wish | Consumer satisfaction with shipping lags competitors but has improved sequentially.
